

Affordable Access to Benefits that Protect

We are proud to have Unum as a part of our Pinnacle Partner Program. You trust us to ensure your workforce has the benefits they need, when they need them. We trust our Pinnacle Partners to help us deliver on that promise. These partnerships, grounded in empathetic experiences and state-of-the-art innovation, guarantee quality products and services with secure and seamless integrations.

Solutions for You

How can you truly put your trust into another company? You have lives on the line who depend on you and the company for help when accidents happen. Knowing who has your back is your #1 concern.

Our Partnership

Together, Unum and Businessolver's partnership brings experienced leaders in the employee benefits business focused on delivering innovation, integrity and an unwavering commitment to their customers.

- ▶ **Access to Care:** Help millions of people gain affordable access to benefits that help them protect their families, finances and futures.
- ▶ **Multiple Solutions:** We offer a full array of holistic benefits solutions, including benefits communication, enrollment services and claims support.
- ▶ **Affordable:** We create cost savings for the employer with discounted implementation fees.

Why this Benefits You

Integration

Implementation savings through standardized integrations
Efficient turnaround times for implementation
Tight processes and advanced connections

Support

Dedicated carrier and support teams
Committed to reducing administrative burdens
Standardized processes to create operational efficiencies

Experience

Easy enrollment with hosted products in Benefitsolver
Better benefit education around plan use
Integration enhancements to improve user's access

Who Is Unum?

Unum is a leading provider of financial protection benefits through the workplace. For over 165 years, Unum has helped employers attract, protect and retain employees by enabling them to offer valuable financial protection. Today, we protect nearly 29 million employees and their families.
